

# DON'T GET HOOKED!

How to Recognize and Avoid Phishing Attacks

ALL-VIRGINIA  
Title & Escrow, Inc.

**SMiShing is a phishing tactic used via SMS or text messages to trick you into clicking a link in a text message. Be wary of unexpected text messages, especially those from an unknown sender.**

**Think before you click, send or speak.**

- Is the message or call expected?
- Can I verify the sender or caller?
- Does the request(s) make sense?

**If you become a victim of identity theft, report it to the Federal Trade Commission. They can assist you with a recovery plan of action. Visit: [IdentityTheft.gov](https://www.ftc.gov) or call 1-877-ID-THEFT (438-4338).**
